CORBIN DAWSON
CLERK OF THE SUPREME COURT

To whom it may concern:

I am shocked to hear the Supreme Court of Michigan would like to deny (the people of Michigan who have cancer from working with asbestos) to trial by jury.

My husband has had surgery for lung cancer. My daughter has mesothelioma caused from asbestos. She had to have 1 lung, part of diaphragm & sack around her heart removed.

So you can understand why I am against passing Court Rule No. 2003-47.

It seems that Michigan Supreme Court are being used by the asbestos industry & big business to deny people their constitutional rights to trials by jury when harmed by corporate misconduct.

The real crisis in Michigan is failure of Corp. to take responsibility for their bad actions & willingness of big business & certain conservative republican judges to blame the victims of corporate misconduct instead of holding corp. accountable.

Thank you for taking time to read this.
Maybe you would realize why this upsets us

Sincerely

Mr. & Mrs. Victor Hartman
